Happy New Year!

I think we all happy that 2020 is finally behind us! I am hopeful that 2021 will bring us back some sort of “normal” although I somehow think the normal we knew will never return. Think of it as a new “normal”.

I'd like to give kudos to our board of directors for doing the best job possible in keeping us all engaged during a worldwide pandemic and lockdowns/quarantines. It wasn't easy or ideal (I know I am pretty done with sitting in front of a computer at the end of the day) but it gave us all an option to stay connected. The club even safely pulled off a few drives during all of this!

Here's to fingers crossed and hoping for us all to be back meeting in person and enjoying our favorite cars together in real life soon!

If you want to contact me my email address is james.parker@alfaclub.org.

ALFA BITS

Alfa Bits is the official newsletter of the Alfa Romeo Owners of Oregon. It is published about 11 times per year in PDF format and is downloadable from the club's website, www.alfaclub.org.

We welcome submissions of topical editorial material, and non-commercial buy-sell-trade Alfa-related ads are free for members. Contact [the editor](#) for details, or better yet, just send your ad and we'll let you know if there's a problem. We also welcome paid advertising. Contact the Advertising Manager for details.

NEWSLETTER SUBMISSIONS

I am always looking for content to fill these pages and encourage you to participate by submitting articles, photos, want-ads and paid advertising. Your content contributions and paid advertising will greatly improve and sustain the club.

ABOUT AROO

In the late 1950s, two Giulietta Spider Veloce's came to Portland. They were featured on a local

TV show to promote a sports car race

which they dominated, winning converts in the growing sports car scene. As interest and knowledge of Alfas grew, Alfa fans — known as “Alfisti” — began to gather at Rambo Motors, the new Alfa dealer in Portland, which trained mechanics and supported a racing team. In the early 1960s, Bob Rinde, Rambo's sales manager, joined the national Alfa Romeo Owners Club and others followed. By October 1968 there was enough local interest for Bob McGill to apply to start a chapter, making AROO the sixth AROC-US chapter.

AROO MEMBERSHIP LIST

Although located in Oregon, AROO welcomes members from the Pacific Northwest and around the world. For the latest information check out our [website](#) page for events and published newsletters. The monthly meetings are held on the third Wednesday of the month at 7:30 p.m. at [The Old Spaghetti Factory](#), 0715 SW Bancroft St., Portland, OR, 503-222-5375. June, July and August are evening tours. Check the newsletter for details.

January 2021– Doug Zaitz In the Driver's Seat

Laforza Snow!

It's a new year and a new beginning! My New Year's resolution this year is to be more focused on home-based automotive projects. I am anticipating a few new <used> cars in my driveway before year's end – and perhaps a few existing ones finding new owners.

I'd like to thank Cindy Banzer and Chris Bright for their collaboration and hard work to make AROO's Virtual Holiday Party a success. On Sunday December 13th we had nearly 30 connections join us for a couple of hours of fun and friends, albeit virtually. For those who joined us, we even had a holiday gift for each attendee connection.

This year's McGill Award – honoring AROO's volunteer(s) of the year – was presented to the dynamic duo of Yulia Smolyansky and Paul Eklund. Without their volunteerism and hard work, AROO would have had far fewer events during our year of isolation. Paul and Yulia proved to us that AROO could conduct its rallies (and ultimately tours) in a safe and fun manner. Thank you both so much!

I am happy to welcome four returning AROO board

members for another two-year term. Cindy Banzer, Ryan Coulson, Steve Davis and Glenn Dolphin have all volunteered to stay on the AROO Board of Directors for the next two-year term. Alex Carrara, veteran of several tours of duty on our board, has retired following this term. Thank you very much, Alex, for your volunteerism!

Regrettably we were unsuccessful in recruiting a new board member for this next two-year term, so we will forge forward with our nine board members. This is not an issue, as we will attempt to fill the position during the year, or at the end of the five incumbents' term next December, as we are expecting several other retirements. Again, without repeating myself, this club exists only with the volunteerism of its members – please keep in mind, without volunteers, there are no activities.

I'd like to thank Chris Bright and his business partner Aaron Laliberte for their very interesting presentation this last Wednesday evening for our Monthly Membership Meeting. Chris and Aaron have started a new business, CollectorPartExpress aka CPE. This is a virtual marketplace for collector car parts and automobilia, satisfying a yet unmet need for restorers, collectors and hobbyists. Chris and Aaron encouraged the attendees to visit their website, and if interested, help with its review. Please contact Chris at chris.bright@alfaclub.org for more info.

AROO's first tour of the new year will be on Saturday, February 13th. We are exploring options to end the tour at a park where, weather permitting, we will have a BYO picnic lunch opportunity for some socially-distanced outdoor visiting. Details will be forthcoming! Plan on a late morning 90-minute tour, probably starting in SW Portland or in Hillsboro areas. Come join us!

AROO Cup Rally Season is upon us! Paul and Yulia are organizing the 2021 AROO Cup Rally Series, starting in mid-March and running through mid-June.

We invite you to join us in this popular series of time-speed-distance rallies. They are conducted in a non-contact manner, following all recommendations and regulations to ensure that we can play with our cars in a safe and sane manner. We are planning to have a Zoom-based rally school, followed by four rallies, one each month.

As we are going to be unable to have our meetings in person for a few more months, please let us know if there is a presentation that you would like to make, or if there is a topic or video/film that you would like to share with the group as our monthly meeting presentation.

If you have an interesting new project, underway or completed, let us know the details and send some photos – we'd love to share your success with other club members! James can be contacted at James.Parker@alfaclub.org or from the AROO website Contacts page.

Meet the Stunning Alfa Romeo 4c Spider 33 Stradale Tributo

December 2020 by Jay Traugott

<https://carbuzz.com/news/meet-the-stunning-alfa-romeo-4c-spider-33-stradale-tributo>

Built to honor the legendary 1967 33 Stradale

The [Alfa Romeo 4C Spider](#) continues into the [new model year](#) with a new ultra-limited special edition trim. Introducing the 4C Spider 33 Stradale Tributo, built to honor the also mid-engined [1967 Alfa Romeo 33 Stradale](#), one of the Italian brand's most iconic sports cars.

Limited to only 33 examples, the 4C Spider 33 Stradale Tributo comes in only one exterior color, Rossa Villa d'Este tri-coat, and a set of gray-gold five-hole alloy wheels measuring 18-inches up front and 19-inches at the rear. Also new are "Centro Stile Alfa Romeo" badges and an optional piano-black front air intake and rear diffuser.

Inside, the composite sports seats feature black Dinamica suede and tobacco leather. To note its limited build numbers, there are unique plaques located on the dash, side sills, and center console, though only the latter is individually numbered.

Other special touches include a number-matching book designed by the firm's Centro Stile design center that details the 4C's design history, beginning from the concept stage, its technologies, build materials, and the Modena assembly line. The history of the 33 Stradale is also appropriately included. The rest of the 4C Spider remains unchanged and we're okay with that.

The carbon fiber monocoque chassis (in a red transparent finish for the first time) and the all-aluminum 1.75-liter turbocharged inline-four with direct injection with 237 horsepower and 258 lb-ft of torque both return. Power is routed to the rear wheels through a six-speed dual dry clutch gearbox. Alfa Romeo claims a 0-60 mph time of 4.1 seconds and a top speed of 160 mph.

A number of the special edition's other features are typically optional but are now standard, including an Akrapovic dual-mode center-mounted exhaust, race-tuned suspension, bi-xenon headlamps, rear wing, and Italian flag mirror caps.

A non-special edition 4C Spider costs thousands more when similarly equipped, so the 33 Stradale Tributo's starting price of \$79,995 should be considered solid value. Those interested should act fast not only due to the limited build count but also because it'll only be available at select Alfa Romeo dealerships.

How to Have Fun at the NWC Rally!

By Paul Eklund, AROO Cup Rally Co-Chair

Many people like to spend a long summer weekend, cruising in their classic car on some choice roads. They hob-knob with friends they may only see a couple times a year, eat some good food, and maybe even clean their machine at a “beer wash” after a long day. Along the way, there is a rally going on with checkpoints and scores, and dash plaques and intrigue. The Northwest Classic Rally can fulfill this weekend dream and this year it is July 30-31, in the Portland Metro area.

Many people have done it for years on end. Others have considered entering, but are reluctant because the “rally portion” seems a bit daunting and the competitive side of their nature wants them to perform well.

Knowing the rules is of course key to any game, even those played in your car out on the road. Staying on course, and staying on time seems simple, but of course ends up being pretty tricky.

Enter the AROO Cup Rally School (3/13) and the AROO Cup Rally Series (3/14, 4/18, 5/16, 6/13). The school is coming up Saturday, March 13th and will be a Zoom Presentation 10:30 am. And it will teach you how to do well in the Northwest Classic Rally. And, HINT, HINT, it will be taught by the very same guy who is WRITING the Northwest Classic Rally this year (Roger Dilts).

So if you sign up for the school, I am sure you will hear important information on staying ON COURSE and staying ON TIME from the master himself. Visit www.alfaclub.org/ for details, under the “Activities” tab and click on the link for the “AROO Rally Cup Series”.

The next day Sunday, March 14th will be AROO Cup Rally #1 which is great practice for the NW Classic Rally and a good shakedown for your classic car. You can do either one or both, but best to shake off the cobwebs now.

Signing up for either or both is very easy – just send an email to the Rally Chairs: paul.eklund@alfaclub.org or yulia.smolyansky@alfaclub.org and then show up!

July 29-31 – August 1, 2021

The Northwest Classic Rally is a celebration of classic cars. It is conducted over the course of four days in mid-summer and begins in Portland, Oregon. It is organized around a traditional time-speed-distance rally and is comprised of pre-1981 collector cars and their enthusiastic owners. Organized by the Alfa Romeo Owners of Oregon and with Jaguar Land Rover Portland as the presenting sponsor, the event is a benefit for the World of Speed Motorsports Museum Automotive Career and Technical Education (CTE) program, a designated 501(c)3 charitable organization.

AROO's Northwest Classic Rally is the longest running classic rally in America. For over thirty years we have assembled a rich variety of classic cars whose owners share a common passion - driving and enjoying them. We do this in a spirit of friendly competition over some of the Pacific Northwest's most scenic roads, combined with delicious meals and always in an atmosphere of outstanding camaraderie. Participants form a family who look forward to the event all year long. We would like to invite you to become a member of this family by entering the Northwest Classic Rally. In this four-day celebration you will encounter great cars, great roads, great people and great fun!

Alfa Spider Bra for sale

Reduced Price!

Seller had a pristine 1974 Alfa Spider until it was rear ended; the car was totaled but the bra was saved. The bra has been hardly used. It should work for years other than 1974. It was stored for several years in its carrying case. Wrinkles should fall out once in the sun.

Offered at \$50

1965 Giulia Spider

I've decided, moving into my 80s, to part with my 1965 Giulia Spider. I bought this car from Dan Summers (Veloce Motors, Portland, Gervais) in 2000. Dan did the majority of the restoration on this rust-free, dent-free but pretty uncared for Alfa over a number of years. I took possession in 2004. The car is in Ashland and currently looked after by Dan Buckley (Sports Car Solutions in Ashland) The car is in fine condition, a strong runner and fully functional. I'm happy to talk about the car and Dan can talk about any technical/condition questions you may have. I'm seeking an offer in the \$50K area.

OEM 9" 101 series tail light assembly restored

OEM 9" 101 series tail light assembly restored. New tail light to body mounting gasket, a new lens gasket, all new SS hardware, and all new light bulbs. The lens is useable, though not pristine. One may notice that the signal portion of the lens isn't amber, it's red. It's the original stock lens.
